SASKATCHEWAN EQUINE EXPO 2019

Saskatoon Prairieland Park in partnership with Western College of Veterinary Medicine and the Saskatchewan Horse Federation is pleased to present the 8th Annual Saskatchewan Equine Expo on Feb. 14- 17th, 2019.

Saskatchewan Equine Expo has become an essential event for the equine community providing information from leading industry experts; rider clinics with world renowned horsemen and women; and the opportunity to showcase the diversity of the equine world.

The trade show component has grown to over 50,000 square feet providing patrons with a selection of products and services specifically designed for the equine industry and western lifestyle. New this year is a dedicated area for Breeders/Trainers/Stables to promote their programs and services. This new area will provide an opportunity to network and socialize with fellow horse enthusiasts who are showcasing their breeding programs, offspring, services and facilities.

The Western College of Veterinary Medicine addresses the needs of horse owners by presenting information sessions on the latest developments in equine health along with several demonstrations scheduled throughout the weekend.

Saskatchewan Horse Federation will again present an educational program to compliment the events of the 2019 Equine Expo. Whether you are a beginner horse owner, a want to be owner, or an already converted horse enthusiast, the educational booth will have something that is sure to be of interest. Interactive displays and demonstrations on topics of interest will run throughout the Expo.

Prairieland Park's Agriculture Department continues to work with a volunteer committee to provide a program that will generate interest and excitement for multiple disciplines, while maintaining our commitment to education.

Saskatchewan Equine Expo is the only event of its kind in Saskatchewan, and we encourage you to submit your tradeshow application and be part of this unique event.

Please visit our website www.saskatchewanequineexpo.com.
